

Venture Capital – Associate

Summary

We are a Venture Capital Fund, investing in startups at all stages and across a wide range of industries. We are looking for a highly motivated professional (m/f/d) at the Associate level, with advanced analytical skills, intellectual curiosity, and a winning personality. We expect a masters degree, preferably in business, finance or engineering from a top tier University and 1 – 3 years of work experience at a top tier Investment Bank or Consulting Firm and an understanding of the Anglo-Saxon approach to business and finance.

About Segenia Capital

Segenia Capital is a Venture Capital Fund offering Venture Capital-as-a-Service to Corporates, their owners, or family offices who are seeking financial and strategic returns.

We are passionate investment professionals, always committed to returns: financially and strategically.

We have a strong network in the Startup Ecosystem and the Corporate World in Germany, Europe and the Silicon Valley.

The Job

We are looking for a highly motivated Associate (m/f/d) based in Germany, preferably Frankfurt am Main, to join our Segenia Capital investment team. You'll be working alongside our General Partners in sourcing, managing, and executing Venture Capital investments, driving relations with our investors through strategic dialogue as well as events and global travel, and supporting our strategy initiatives:

- Investment opportunities/deals: sourcing/identification, pipeline management, due diligence, preparation of investment documentation, support with drafting of legal documentation in cooperation with our lawyers
- Investment management: communication with and support of our portfolio companies
- Exits: preparation and management of exit processes
- Support our finance team with fund admin & reporting
- Investors: Support with all investor relations activities (incl. communication) incl. events and travel

Your background

- Top degree from a tier 1 university with MSc or MBA in Finance/Business or engineering
- 1-3 years of working experience in high-performance environments of venture capital, private equity, investment banking, a high-growth startup, or consulting
- Alternatively, we will consider applicants who have graduated recently and have a strong and relevant internship track record
- Proven analytical and presentation skills and top skills in financial modelling (Excel), Powerpoint and other Microsoft applications
- Excellent research skills
- Excellent communication skills and strong networking skills
- Effective verbal and written communication skills (English and German)
- Be professional, be exceptional, be different, be humble, pursue great goals with hard work
- Love startups and Venture Capital

We look forward to receiving your application at jobs@segeniacapital.com
